SUPPLEMENTARY INFORMATION:

I. Abstract

The KEEP is a job shadowing program designed to provide students with career exploration opportunities under the mentorship of a NASA Kennedy Space Center (KSC) subject matter expert. Participation in the program is limited to students who are U.S. citizens and 16 years or older. Interested students will submit a job shadowing application package, and designation of their top three choices for the job shadowing experience to include but not limited to biomedical, chemistry, computer science, engineering, meteorology, and physics. Interested students will also identify two science, math, or technology teachers associated with their current school of enrollment to submit recommendation forms. Students may request a shadowing opportunity for a period of 1-5 days. This information collection renewal includes updates to the application package for clarity and comprehensibility, and transitions from a paper submittal process to an electronic submittal process.
